

BUILD HOPE

Dear Hope Givers,

We are thrilled to share the remarkable progress at our new **Hope High School**, where together we are BUILDING HOPE by creating an excellent learning environment. This exciting milestone brings us closer to our vision: to see orphans and vulnerable children in Uganda reach their full potential and impact their communities for Christ.

Thanks to the incredible generosity of supporters like you, we have already built **dormitories and five classrooms** which are

filled with eager students! The **administration building** is fully funded and under construction, soon to house essential offices for our principal and staff and serve as the operational heart of the school.

But we cannot stop here. **The next crucial step is to build a library** – more than just bookshelves, a library is a place of discovery, where students can nurture big dreams and pursue their God-given potential. *Until then, many of our students must study outside “under a tree,”* as shown to the right:

With your help, we can provide our students with a proper study space with access to resources they need to succeed. Alongside the library, we also need to build **two additional classrooms**, which are vital for the growing number of students at Hope High School.

PLANS TO BUILD HOPE

- Library: \$35,000 still needed
- Two Classrooms: \$25,000 each

Our July golf outing was a wonderful kickoff, raising \$40,000 toward the library project. With your partnership, we can finish strong and give our students a campus where they can thrive. Looking ahead, our future plans include building a science lab, multi-purpose hall, and kitchen as funds allow.

SPECIAL THANKS

Our deepest gratitude to Hope Givers who organized and participated in the Golf Outing. Your efforts have helped lay the foundation for our next phase of growth! Interested in hosting your own fundraiser for Hope High School? Contact us at info@livinghopeforchildren.org.
